## DISCUSSION QUESTIONS:

1. How does the book's title *Great Outdoors: Exploring Nature, Robin Finds Herself* reflect the central theme and message of the story?
2. Discuss the significance of Robin's concerns about her future are important and how her mother's idea of going into the woods sets the stage for the adventure. Can you relate to these feelings and experiences, either personally or through your children?
3. Of all the moments on the trail, which part stood out to you the most? Which element or meeting with nature felt the most special, and what made it meaningful to you?
4. Nature plays a crucial role in this book, representing strength, warmth, imagination, and overcoming challenges. How do you think nature's teachings connect to real-life situations for children and adults?
5. The book encourages young readers to embrace their uniqueness and find their true calling. Have you ever experienced a moment of self-discovery in a natural setting or has nature ever inspired you in any special way? Share your story with the group.
6. Robin's journey shows the important connection between self and nature. Discuss how this connection can positively impact a child's emotional well-being and personal growth.
7. The story introduces various natural elements like trees, the sun, and rivers. How does the author use these elements to symbolize different aspects of Robin's character and potential?
8. Robin learns the value of navigating obstacles from observing the river. How can this lesson be applied in everyday life, especially for children facing challenges or uncertainties?
9. The book targets children between the ages of 6-11. How does the author effectively address this age group's interests, understanding of self-discovery, and nature's wisdom?
10. In what ways can parents, educators, or caregivers use *Teachings of the Great Outdoors: Exploring Nature, Robin Finds Herself* as a tool to spark discussions and encourage exploration of nature and self-awareness in children?
